

Guide for postdoctoral applicants

HUN-REN Wigner Research Centre for Physics

The application must be prepared in the following structure and within the size limits.

1.) **Cover page**: name and email address of the applicant, the title of the proposal, applied position, Institute, Department and Research Group, the name of the supervisor.

2.) **Data of the applicant**

a) Curriculum vitae (2 pages)

Applicants should aim to demonstrate their professional excellence by describing their previous study and research results and any other relevant data.

In this section provide the following scientific metrics: number of publications in refereed international journals, cumulative impact factor, and the number of all independent citations.

b) The list of main professional competences (1 page)

The applicant should describe the most important theoretical or experimental methods in which he / she has acquired proficiency and list up to three publications using them.

3.) **Research plan (1 page)**

The applicant should present the planned research topic, justify its relevance (with references) and clearly outline his / her own original ideas, which will serve as a starting point for the next two years of work.

In addition, briefly discuss how the project fits into the work of HUN-REN Wigner RCP's selected research group.

4.) **Appendices**

- Full publication and citation list.
- Support letter from the supervisor
- Reference letter
- Copies of diplomas and certificates about language skills.

In the case of HUN-REN Wigner RCP employees the re-attachment of a copy of the university diploma and PhD diploma, as well as a copy of the language exam are not necessary.

Applications have to arrive before June 4, 2024, 12:00 CET electronically, in a single pdf file plus the summary table in xls to the email address job@wigner.hun-ren.hu.
