I. Pályázati felhívás gyermeket nevelő kutatók támogatására – 2024 (Call for proposals to support researchers having children - 2024)

A Magyar Tudományos Akadémia pályázatot ír ki a gyermeket nevelő kutatók tudományos előmenetelének elősegítése érdekében két kategóriában. Mindkét kategória esetében az a személy nyújthat be pályázatot, aki tagja az MTA köztestületének, vagy PhD vagy azzal egyenértékű tudományos fokozattal rendelkezik, de még nem rendelkezik MTA doktora címmel, illetve nincs elbírálás alatt álló MTA doktori kérelme.

A támogatást a kedvezményezett 2024. május 1. és 2025. április 30. között veheti igénybe, választhatóan három, négy, hat, nyolc vagy tizenkét hónapos időtartammal, az időtartamnak megfelelő hónaponkénti bontásban. A pályázat keretében az 1. kategóriában pályázók esetében nyertes pályázónként bruttó 2 400 000 Ft, a 2. kategóriában pályázók

esetében pedig nyertes pályázónként bruttó 1 200 000 Ft összegű vissza nem térítendő ösztöndíj-támogatás nyerhető el.

További információkért kattintsanak a [Linkre](#).

Jelentkezési határidő: **2024. január 4.**

II. Sikeres K+I Európában - 11. Európai partnerközvetítő rendezvény (Successful R & I in Europe 2024 - 11th European Networking Event)

Immár 11. alkalommal kerül megrendezésre a K+I Európában - 11. Európai partnerközvetítő rendezvény, mely az észak-rajna-vesztfáliai Enterprise Europe Network szervezésében Düsseldorfban lesz megtartva. Az esemény lehetőséget biztosít a HORIZON EUROPE program pályázataihoz megfelelő partnerek megismerésére, valamint a párhuzamosan futó tematikus panelekben lehetőség nyílik projekt ötletek bemutatására is. A főszervezők választják ki, hogy a határidő előtt beérkezett jelentkezések közül ki kap lehetőséget a prezentációra. Projektötlet nélkül is lehet jelentkezni, amennyiben a résztvevők más projekthez kívánnak csatlakozni.

Időpont: **2024. február 15-16.**

Jelentkezési határidő: **2024. február 8.**

III. MSCA Staff Exchanges info session

The MSCA Staff Exchanges Action funds short-term international, interdisciplinary and inter-sectoral exchanges of staff members involved in Research and Innovation activities. The aim is to develop a sustainable collaboration among different organisations from the academic and private sectors based in Europe and beyond.

The info session will be the occasion to know more about this innovative programme, which offers unique opportunities for public/private organisations and their staff in terms of R&I, transferable skills and competences, as well as intersectoral/international exposure. In the framework of this info session participants will receive some key insights on how to apply, consortium composition and funding availability.

Date: **8 December 2023**

Place: **Online**

You can read more about the call and join the event [Here](#).

IV. The Past, Present and Future of Professional Development of Research Management

EARMA will host an online conference where participants can meet and discuss with the EARMA's Professional Development and Recognition Committee about the past, present and future of professional development of research management.

The evolution and significance of research management and administration has come a long way in the past two decades. Research management has emerged as a prominent and important profession in the research and innovation ecosystem. Therefore, this webinar aims to explore initiatives and projects that have led to the empowerment and emancipation of research management professionals to be able to contribute to the success of science and the impact of research. Through this presentation, participants get inspiration to continued growth and excellence in research management by nurturing professional development and advocating for the recognition that it deserves rightfully within the research community.

The event will be held **online**, and registration is required.

Date: **16 January 2024, 14:00-15:00 CET**

Registration and more information about the event can be found [Here](#).

V. Alliance4Life's Conference "Widening Instruments – Participants' View"

The Alliance for Life Sciences is an association of twelve biomedical universities and research institutes from eleven Central and Eastern European countries. It is a role model of progressive health research institutions that stay at the forefront of the CEE region's modern institutional governance and culture.

The Conference will pay special attention to Alliance4Life's experience with the Widening measures and the resulting recommendations for shaping future Framework Programme. Their Policy paper will be presented from the point of the efficiency of WIDESPREAD measures, which contains both desktop research and results of structured interviews with Alliance4Life's member representatives. The conference targets a broad audience from politicians to policy-makers and practitioners in the field of research and innovation interested in the widening topic of the next Framework Programme.

The event is organized in cooperation with the Estonian Research Council in Brussels and the Embassy of Estonia in Belgium.

Date: **12 December 2023, 9:30-13:00 CET**

Place: **Permanent Representation of Estonia to the EU in Brussels Rue Guimard 11/13, 1040 Brussels**

Registration and further information [Here](#).

VI. 18-month review of the implementation of the ERA policy agenda

This EU-level report is the first 18-months review of the progress towards the priority areas for joint action in the European Research Area (ERA), as laid down in the Pact for Research and Innovation in Europe, and of the implementation of the ERA Policy Agenda. It is part of the new ERA Monitoring Mechanism (EMM), which also includes the ERA Policy Platform with the ERA Dashboard and Scoreboard as well as country-level reports. In the context of the renewal of the ERA governance since 2021, the monitoring will allow for evidence-informed policy-making. The present report serves as a baseline against which future progress at EU-level can be assessed.

The full report can be viewed and downloaded [Here](#).

VII. Strategic Technologies for Europe Platform

The Strategic Technologies for Europe Platform (STEP) is the European reply to the need to boost investments in critical technologies in Europe. STEP seeks to reinforce, leverage and steer [EU funds](#) – existing and new – to investments in deep and digital, clean and bio technologies in the EU, and in people who can implement those technologies into the economy. STEP also introduces the [Sovereignty seal](#) – the EU quality label for sovereignty projects. To find all information about existing funding opportunities for STEP investments and relevant contact details of national authorities, visit the dedicated [Sovereignty portal](#).

VIII. Other upcoming events

- Decade Coordination Office for Ocean Observing & Global Ocean Observing System Webinar

The DCO is working to provide the tools and skills needed for scientists engaged in ocean observing to effectively engage with, pitch to, a non-scientific donor audience. This Webinar will provide an overview of the activities of the DCO – Ocean Observing itself, a summary of the observing activity of the active Projects and Programmes, and an assessment of the requirements for ocean observing as determined by the Regional DCCs and the Vision 2030 Working Groups for the 10 Decade Challenges. Moreover, it will also review efforts to secure the necessary resources and funding for Ocean Observing within the Decade. The event will be held on **6 December 2023, 15:00 CET, online**. You can read more and register [Here](#).

- Virtual event during COP28: Advancing Climate Action and SDGs Synergies: Way Forward

The International Science Council together with the UN Department of Economic and Social Affairs (UN DESA), the International Institute for Applied Systems Analysis (IIASA) and Future Africa will organise this virtual event during the COP28 to present key benefits for tackling climate and SDGs together, discuss current barriers and enablers for the synergistic action, and outline a framework and existing approaches for synergistic action. The joint event will take place on **11 December 2023, 15:00-16:30 CET, online**. For registration click [Here](#).

IX. Open events and applications

Az alábbiakban új rovatként, táblázatos formában tájékoztatást adunk azon nyitott eseményekről és pályázatokról, melyek az előző hírlevelekben megjelentek.
