**I. CoARA Cascade Funding Info Session Webinar**

All interested parties are invited to join for an online *Information Session on Cascade Funding* that aims to provide important insights on the Cascade Funding process, as well as an opportunity for any prospective Teaming project partners to meet online. If you have any questions about Cascade Funding and would like to clarify any points that remain unclear, please join for the online information session.

The Second Call will be open for a minimum of 60-days and will include three types of projects, in line with the First Call: Teaming projects, Institutional Pilot projects, and Institutional Change projects.

Date: **30 January 2025, 14:00**

For more information about the call, please, click [Here](#). You may find [Here](#) the registration platform for the webinar.

## II. Early Bird offer - Falling Walls Science Summit 2025

The Falling Walls Science Summit brings together global leaders from science, policy, and academia to address the biggest challenges and opportunities in science, innovation, and technology. From emerging talents presenting groundbreaking ideas to renowned researchers sharing breakthrough innovations and global perspectives, the Science Summit continues to shape the future of science and innovation.

In 2024, organisers welcomed 1,900+ participants from 90+ countries on-site, 12,500+ digital visitors from 149 countries via livestream and 74 events across three inspiring days. If you were unable to attend or would like to revisit key moments, the video recordings of the Summit 2024 are now available on their [YouTube Channel](#).

Super Early Bird offer with 35% off tickets are available until **31 January 2025**.

Date: **7- 9 November 2025**

Place: **Berlin, Germany**

For registration, please click [Here](#).

## III. Fund for Coal and Steel: Big Tickets call 2025 Info Day

The Info Day is a unique opportunity to be informed about the RFCS funding opportunities and their objectives, the most updated information on the submission and the evaluation process. In particular, the info-day aims at helping potential applicants to submit high quality proposals.

The event will also be an occasion for networking between participants. This would facilitate the creation of synergies in the coal and steel research communities, particularly in the development of the breakthrough technologies needed to contribute to the goals of the European Green Deal and to exchange proposal ideas and find consortium partners. In the afternoon, the participants will have the opportunity to have a one-to-one session with REA.B1 staff (project officers, legal officers, and financial officers) to address specific questions related to proposal preparation. It is compulsory to book these sessions in advance.

Date: **19 February 2025, 09:00 - 17:30 CET**

Place: **Brussels, Belgium**

For more information and registration, click [Here](#).

## IV. STOA workshop „Bridging research and policy for a changing Europe”

The Panel for the Future of Science and Technology (STOA) of the European Parliament, in collaboration with Leiden University's Europe Hub, an interdisciplinary platform dedicated to addressing Europe's most pressing societal challenges, will organise a research event at the European Parliament Library.

The event aims to bring together academics, policymakers, and the public to bridge the gap between research and policy, facilitating reflection on common challenges faced by the EU. It will present the latest research by Leiden scholars on key topics that align with the European Union's policy agenda. These include migration policy, the legitimacy of rule of law sanctions, and the contestation of EU foreign and security policy.

Date: **19 February 2025, 11:30 - 14:30**

Place: **European Parliament, Brussels, Belgium**

You may read more about the event [Here](#).

## V. IPEC 2025: “Shaping the Future: AI-Driven Innovations for Sustainable Industry in Europe”

For the 10<sup>th</sup> time, the International Production Environmental Community (IPEC) is hosting an international conference on *AI-Driven Innovations for Sustainable Industry* with a focus on advancing the UN Sustainable Development Goals (SDGs), such as industry, innovation & infrastructure, responsible consumption & production and climate action. The IPEC 2025 aims to promote networking and knowledge exchange between companies from Bavaria and international companies, start-ups and research institutions.

The upcoming event will take place on the 18<sup>th</sup> of March 2025 with a matchmaking opportunity till the 28<sup>th</sup> of March 2025 in an online format.

Participation is free of charge and the conference will be broadcasted.

Date: **18 March 2025, 19-28 March 2025**

Place: **Online**

For registration, please click [Here](#).

## VI. Hungarian Doctoral Research Fellowship

The Hungarian Doctoral Research Fellowship is tenable in the 2025-2026 academic year at the Wirth Institute for Austrian and Central European Studies of the University of Alberta in Edmonton, Canada for a period of eight (8) months, commencing 1 October 2025 through to 31 May 2026. The Fellowship is valued at CAN \$ 27,600.00 and will be paid in equal monthly instalments at the end of each month beginning October 2025.

Young scholars from disciplines in the Humanities, Social Sciences or Fine Arts are invited to apply. Candidates should be Hungarian citizens enrolled in a Ph.D. programme at a Hungarian university at all-but-dissertation level and have an excellent command of spoken and written English.

Application deadline: **1 April 2025**

For more information about the fellowship, click [Here](#).

## VII. ICGEB Research Grants

The **ICGEB CRP Grants** programme aims to stimulate collaborative research in Member States and with the ICGEB Component laboratories, to promote training of young scientists and to facilitate the creation of appropriate research facilities. The programme provides support for research projects in basic science, human healthcare, industrial and agricultural biotechnology and bioenergy.

Grants are awarded to contribute to the implementation of outstanding scientific research projects. An important element of successful applications is the feasibility of the proposed project within the designated timeframe (maximum 36 months). The maximum annual contribution from ICGEB is Euro 25,000. Principal Investigators should submit their complete applications online via the ICGEB Service Gateway by the deadline of 30 April. A copy of the full application will be accessed by his/her Country representative (Liaison Officer), who is in charge of endorsing the application at the national level.

In adherence with the ICGEB mandate to equally support its Member States, each ICGEB Member State can endorse up to 3 standard Research Grant applications plus up to 2 Early Career Return Grants for each call.

A special category of **CRP-ICGEB Early Career Return Grants** is intended to fund young researchers with an outstanding track record, who have spent a minimum of 2 years abroad and have recently returned to an ICGEB Member State to establish independent laboratories. Applicants for Early Career Return Grants should be no more than

40 years of age at the time of application. Applicants should have returned to an ICGEB Member State (except Italy) no more than 2 years before submitting the application.

Application deadline: **1 April 2025**

For more information about the programmes, you may read [Here](#).

### **VIII. 5 Free Webinars on Horizon Europe Proposal Writing**

There is an opportunity to participate in free webinar series running from 17-21 February at 11:00 CET, featuring five engaging topics to help you excel in Horizon Europe proposals. Whether you are preparing a Horizon Europe proposal for the 2025 Work Programme calls or looking to refine your skills, these sessions are designed to boost your success rate. Open to everyone interested in Horizon Europe, the webinars are a great opportunity to learn, connect, and share.
